Open-source Svelte component library that auto-generates frontends from UiMetadataFramework, now used across multiple UN services.

OpenEnlarge

Owner | Present

Open source film negative inversion tool. 1k + users.

More Club

Co-Founder | 2017

More club is a school club I started with my friends in High School; ran viral social media and made killer apps. It is the best club in my high school's history.
